

ONLINE GAS BOOKING WEBSITE – DOCUMENTATION

1. User Registration

The screenshot shows a web browser window with the address bar displaying "127.0.0.1:8000/register". The page features a background image of a person in a blue jacket and red pants holding an orange gas cylinder. Overlaid on this is a "User Registration" form. The form has three input fields: "Email Address" with the value "sakshi2002@gmail.com", "Password" with masked characters, and "Confirm Password" with masked characters. Below the fields are two buttons: a red "Register" button and a blue "Login" link preceded by the text "Already User ?".

Register Already User ? [Login](#)

2. User registered successfully

The screenshot shows the same web browser window and background image as the first screenshot. The "User Registration" form now displays a green success message at the top: "User Created Successfully.!!". The input fields are now empty: "Email Address" contains "name@example.com", "Password" contains "Enter Password", and "Confirm Password" contains "Retype Password". The "Register" button remains red, and the "Login" link is still present.
